Weebly Account Homework Assignment

You can add whatever you want to your pages: change the style, add videos, link to facebook, animoto video (like the one on my About Me page), games – anything! Check out the class resources page for more Web 2.0 technologies. However, your Weebly website should be sure to adhere to the following guidelines!!!

#1 – Keeping yourself safe on the Internet! DO NOT give out any personal information – don't let me find you! Remove mention of your last name, age, address, high school, etc.

#2 - Remember that others can see what you post on your website – including YOUR TEACHER! Only include items that you feel comfortable with me seeing – you will be graded on this project.

#3 – Don't over-share information about yourself.

#4 – Keep your passwords private. And remember them!

#5 – The details of this assignment are listed below. Your Weebly pages should contain the following items.
